

Catalog Supplement

JANUARY, 1977

Dear Customer and Friend:

By the time you receive this price list, the new year will be upon us. This last year has been a very good one for our company. In fact, we feel our position in the marketplace has advanced more rapidly than that of any other rare coin company. We have done this by striving to provide our customers with the service, integrity, and value they should expect. We can assure you that in 1977 we will try even harder to make our company the absolute best.

This price list is perhaps the most comprehensive we have ever issued. This is as a result of a very large old-time collection that we have just purchased within the last ten days. Most of the coins were purchased in the early 1960's by an extremely quality-conscious collector. While the collection is valued in excess of \$200,000, there were less than 300 coins in the entire collection. Most of the coins are of much higher quality than usually encountered in the marketplace, so most will sell quickly. If you see anything of interest to you, we would suggest a phone call.

May you have a happy and prosperous new year.

Sincerely,

Steve

EARLY QUARTERS

SII,

We are daily pressed upon, by collectors of coins from all parts of the country either by letter or in person, for specimens of pattern pieces of coins, and rare types. A few of these have been in every year issued, some of them go into the hands of dealers and are sold at exorbitant prices, I propose, with your approbation, to smother this traffic, and at the same time gratify a taste which has lately increased in this country, and seems to be permanent, even the nursery by affording some of every kind and affixing

a price to them, so that the profits may enure to the benefit of the Mint Cabinet of Coins and Ores which is the property of the United States; an exact amount of which will be kept and rendered to the Department.

The presently offered specimen of the 1827 Restrike Quarter was probably an early impression from the dies, as it is struck from very lightly rusted dies and has exceptionally brilliant surfaces. Its pedigree can be traced to the R. L. Miles Collection, and it is one of only nine known specimens. The issue is of virtually the same rarity as the 1827 Original Quarter, a specimen of which is on the market at a price approaching six figures. To own a coin of this magnitude, a truly romantic issue, would represent a gratifying experience for the connoisseur of American numismatic rarities.

1830 Gem Proof (65) As with the 1835 Dime in this price list, there is absolutely no doubt about this coin being a Proof. This coin has complete mirror surfaces and needle-sharp detail. There are some lines in the fields but they are probably a result of the polishing of the dies. Often times prooflike examples are offered as Proofs at bargain prices which has acted to hold the price down on the real thing. As a Proof, this is probably an R-7 item and is extremely rare as such	5,250.00

QUARTER EAGLES (CONT'D)

1875 Ch Proof (1882) This coin is one of the great rarities of United States gold coinage. This date has a total mintage of only 420 pieces (20 Proofs, 400 Business Strikes). It is fully brilliant with only a few very faint lines. Probably no more than five pieces of the Proof coinage can claim to be equal to this specimen. In our opinion, this is one of the most underrated gold coins in terms of price. As an example, an 1875 \$5 in Proof condition just brought \$91,000 in the Garrett Sale. Previous to that, an Extremely Fine coin brought \$60,000. The \$2-1/2 and the \$5 have exactly the same Proof mintage (20). The Business Strike issues are 200 vs. 400, of which probably less than 5% are known. We feel this is an excellent opportunity for the astute buyer 24,000.00

 1834 Gem BU (65) Plain four. This coin was Lot No. 1045 of the Bowers & Ruddy Austin Sale in 1974, where it brought \$27,000. Walter Breen can only trace two Mint State specimens of this date and type in existence. It has lovely color with a prooflike reverse. In addition, it is a virtual full strike. A beautiful coin indeed, and worthy of the finest cabinet. Priced very fairly 22,500.00

DOUBLE EAGLES

1861-S Paquet EF/AU (45+) The reverse designed by Anthony Paquet. These new reverse dies, featuring tall, narrow letters, were sent to the branch mints which struck the denomination. A trial striking at Philadelphia of two examples on January 5, 1861, showed the new die to be unsuitable for regular issue coinage. James Pollack, Director of the Mint, sent messages to New Orleans and San Francisco suspending further use of the die. The message arrived at New Orleans but failed to reach San Francisco, due to rather primitive travel conditions and lack of a telegraph. In the interim, 19,250 were struck at San Francisco using the Paquet reverse. When word reached the mint, most of these were melted and recoined using a leftover regular reverse die. A few reached circulation. An immensely desirable and historical issue and one of the finer examples to appear for public sale 7,500.00

Commemorative Halves

Choice Brilliant Uncirculated (60+)

A Commemorative issue which has seen no circulation and has full luster. The coin will be completely as struck. The coin may have bagmarks which were acquired through normal handling through the years. Commemoratives in this grade are of better than average quality uncirculated specimens.

Gem Brilliant Uncirculated (65)

This is an uncirculated coin which has a strong strike for the issue and a minimum number of bagmarks. These coins will have full brilliance, but may be naturally toned. Commemoratives are seldom found any better than this. In short, coins which meet this grade are the finest quality available on the market.

Catalog Supplement

APRIL, 1977

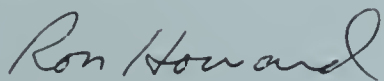

Dear Customer and Friend:

Welcome to our latest Catalog Supplement. This edition features over a quarter million dollars' worth of new purchases made during a successful West Coast buying trip.

Included in those purchases were the first 1795 Half Eagles and Eagles we have had the pleasure of offering in some time. We were also fortunate to generously supplement our stock of the popular Three Dollar Gold series. With gold coins nearing an all time high in popularity (in fact, we have sold more rare gold coins this year than in any three month period in our history!), we feel prices have remained quite reasonable. Please look over our selection carefully and call us on our toll free WATS line to confirm any order over one hundred dollars.

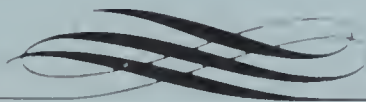

Remember to send us your want list for those hard-to-get items. We will do all we can to help. We are in business to serve you, and we appreciate the opportunity to do so.

Sincerely,

Ron Howard

LARGE CENTS

1794 VF (20) Very clean surfaces and extremely attractive. Two minor rim bumps.	225.00
1794 Ch R&B Unc (60+) This is one of the four or five nicest 1794 Large Cents we have ever seen. The coin has quite a bit of the original mint red with the remainder of the surfaces being a beautiful, glossy brown. The coin is very well struck. The planchet has several cracks on the obverse, which is typical of many early Coppers. In addition, there is one die break between the "I" and "B" of "LIBERTY". Without a doubt, this is the finest 1794 Large Cent on the market at this time. It is somewhat inferior to a piece that brought \$13,000 at the Miami A.N.A. in 1974. Would fit into the finest type set. Museum quality	5,750.00
1795 VG (8) Scarce lettered edge type.	110.00

1827 Ch Proof (60+) Restrike. The 1827 Quarter is the contemporary of the other famous restrike issues, including the 1804 Dollar, struck during the late 1850's and early 1860's, under the auspices of several mint employees. The 1827 Restrike Quarter in silver is not a pattern issue and a limited number were coined solely to satisfy collector demand for the date (as the 1827 Original, curl base 2, had already been recognized as a rarity). The following excerpt from a letter dated January 22, 1859 from James Ross Snowden, Director of the Mint, to Secretary of the Treasury Howell Cobb, sheds a bit of light on the subject:	

Sir,
We are daily pressed upon, by collectors of coins from all parts of the country either by letter or in person, for specimens of pattern pieces of coins, and rare types. A few of these have been in every case issued—some of them got into the hands of dealers and are sold at excessive prices. I propose, with your approbation, to check this traffic, and at the same time gratify a taste which has lately increased in this country, and seems to be increasing every day, namely by striking some of each kind and affixing a price to them, so that the profits may enure to the benefit of the Mint Cabinet of Coins and Ores which is the property of the United States; an exact amount of which will be kept and rendered to the Department.

The presently offered specimen of the 1827 Restrike Quarter was probably an early impression from the dies, as it is struck from very lightly rusted dies and has exceptionally brilliant surfaces. Its pedigree can be traced to the R. L. Miles Collection, and it is one of only nine known specimens. The issue is of virtually the same rarity as the 1827 Original Quarter, a specimen of which is on the market at a price approaching six figures. To own a coin of this magnitude, a truly romantic issue, would represent a gratifying experience for the connoisseur of American numismatic rarities 16,500.00

BUST HALVES

1795 Ch BU (60+) Well struck. Nice mint luster with light gold and gray toning. An extremely scarce one year type coin. One of the three or four nicest of this type we have seen. Absolutely void of any defects or adjustment marks. Priced fairly	9,500.00
1807 BU (60) Bust right. Nice mint luster. Light golden toning. The reverse is fully struck-up; the obverse is nearly so.	2,950.00
1812 Gem BU (65+) A virtually perfect coin. Fully struck with no rub whatsoever. Just a tinge of golden toning. The nicest Bust Half we have ever owned.	1,450.00
1813 Ch BU (60+) Nice strike with full mint luster. Some slight irregularities on the reverse at 5 o'clock caused by the edge lettering	595.00
1830 AU (50)	125.00
1830 Gem Proof (65) As with the 1835 Dime in this price list, there is absolutely no doubt about this coin being a Proof. This coin has complete mirror surfaces and needle-sharp detail. There are some lines in the fields but they are probably a result of the polishing of the dies. Often times prooflike examples are offered as Proofs at bargain prices which has acted to hold the price down on the real thing. As a Proof, this is probably an R-7 item and is extremely rare as such	5,250.00

REEDED EDGE HALVES

1838 Ch AU (55) Several rim cuts	250.00
--	--------

1839-O Gem BU (65+) Splendidly toned with light green and yellow hues about the periphery mellowing to rose shades in the center of the coin, with shimmering luster emanating throughout. The piece possesses impeccable surfaces and is well struck, with all stars save the first exhibiting complete centers. We have seen more Gems of the more heralded 1836 Reeded Edge Half than of this date. The fact is, the survival ratio of Choice 1839-O Halves is hundreds of times lower than that of the 1836 Reeded Edge and, in our judgement, the 1839-O is a superior buy.

This coin is of such precious quality that it could satisfy the most fastidious type collector; it is of such rarity in this condition that probably no amount of money could purchase another. It will be a fortunate new owner who takes advantage of this infrequent combination of quality and rarity which is present in this remarkable coin 7,500.00

QUARTER EAGLES, (CONT'D)

1875 Ch Proof (60+) This coin is one of the great rarities of United States gold coinage. This date has a total mintage of only 420 pieces (20 Proofs, 400 Business Strikes). It is fully brilliant with only a few very trivial hairlines. Probably no more than five pieces of the Proof coinage can claim to be equal to this specimen. Proofs are actually much scarcer than auction records would indicate, as many 1875 Quarter Eagles identified as Proofs were probably actually prooflike business strikes. A piece only marginally nicer than this one was once advertised by a major firm for \$50,000. Needless to say, we think this classic rarity has a bright future. A highlight of any collection	24,000.00

1834 Gem BU (65) Plain four. This coin was Lot No. 1045 of the Bowers & Ruddy Austin Sale in 1974, where it brought \$27,000. Walter Breen can only trace two Mint State specimens of this date and type in existence. It has lovely color with a prooflike reverse. In addition, it is a virtual full strike. A beautiful coin indeed, and worthy of the finest cabinet. Priced very fairly	22,500.00

DOUBLE EAGLES

1861-O EF (40) Catalogs at \$2,200. Nice mint luster.	1,875.00
1861-S Paquet EF/AU (45+) The reverse designed by Anthony Paquet. These new reverse dies, featuring tall, narrow letters, were sent to the branch mints which struck the denomination. A trial striking at Philadelphia of two examples on January 5, 1861, showed the new die to be unsuitable for regular issue coinage. James Pollack, Director of the Mint, sent messages to New Orleans and San Francisco, suspending further use of the die. The message arrived at New Orleans but failed to reach San Francisco, due to rather primitive travel conditions and lack of a telegraph. In the interim, 19,250 were struck at San Francisco using the Paquet reverse. When word reached the mint, most of these were melted and recoinced using a leftover regular reverse die. A few reached circulation. An immensely desirable and historical issue and one of the finer examples to appear for public sale.	7,500.00
1873-CC Ch BU (60+) A very rare coin in Mint State. We note the only other high grade example currently advertised is an AU (55) priced at \$3,500. Our price is certainly fair	2,750.00

J-1644 Ch Proof (60+) The famous Quintuple Stella. Copper, gilt. One of the most beautiful and desirable of all U. S. Patterns. Struck only in copper and gold. This cataloger has handled as many gold specimens as copper ones. The Rio Rancho copper example brought \$16,500 in October, 1974. Paramount Coin Company listed a copper Quintuple Stella for sale (not the Rio Rancho coin) in October, 1975 for \$25,000. A gold Quintuple, if one were available, would be priced in solid six figures. Judd lists the gold Pattern as Rarity 7, and the copper (offered here) as Rarity 8, both unpriced. We feel our price is undeniably reasonable, and represents an opportunity unlikely to be repeated in a lifetime. 9,750.00

Commemorative Halves

Choice Brilliant Uncirculated (60+)

A Commemorative issue which has seen no circulation and has full luster. The coin will be completely as struck. The coin may have bagmarks which were acquired through normal handling through the years. Commemoratives in this grade are of better than average quality uncirculated specimens.

Gem Brilliant Uncirculated (65)

This is an uncirculated coin which has a strong strike for the issue and a minimum number of bagmarks. These coins will have full brilliance, but may be naturally toned. Commemoratives are seldom found any better than this. In short, coins which meet this grade are the finest quality available on the market.

Color is for results.

When selling our consignors' coins, our main objective is to realize the highest possible price for the total consignment. We know that in order to accomplish this objective we must sell as many coins as possible to retail collectors and not wholesale to dealers. We also know that the auction catalog is the only source available to the retail mail bidders to make their purchasing decisions. Because of these facts we believe that the auction catalog should show the most appealing representations of the coins being sold. And color does this best.

Color is accurate. Color photography is the only way to depict the coin with the precision necessary for mail bidders to bid with great confidence. The color pictures show detail, relief, strike, and most importantly color. With this kind of information, the mail bidder can bid more aggressively because he knows exactly what he is buying.

Color is beautiful. In order to realize the highest possible prices, your coins must be pictured in the most pleasing and complimentary manner available. Our color catalog allows your coins to exhibit their natural beauty using the most sophisticated color printing techniques. Now a toned Proof can be seen, and the attractive blues, greens, and golds appreciated.

Color is reality. With the exception of holding the coin in his hand, the mail bidder has no better way to see the exact appearance of the coin than with color. Our color photographs depict the coin as it is. This allows the true quality of the coin to be

observed, and consequently a confident bid can be submitted according to that true quality.

Color is for results. Our all color catalog gives the retail mail bidder the best possible reference to make his bidding decisions with a high degree of confidence. This is supported by the fact that over 40% of all the coins in our auctions sell to mail bidders. This record level of retail mail bid participation and our color catalog insures you of receiving the best results when selling your coins.

Let us put our all color catalog to work for you. Call our Auction Director Bob Merrill today, toll free, at 1-800-527-4503. He'll tell you how you can get the best results using our beautiful color catalog.

Catalog Supplement

MAY, 1977

Dear Customer and Friend:

Business is brisk, as demonstrated by the gratifying response you gave us to our last Catalog Supplement.

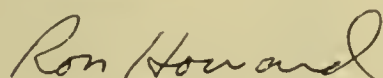

Gold coins continue to be particularly strong. We mentioned in our April cover letter that we offered the first 1795 Half Eagle and Eagles that we had owned in some time. Well, the Half Eagle and two of the three Eagles quickly found new homes. In fact, most of the gold coins in the \$2,000 to \$7,500 price range were sold. We firmly believe that our new purchases in that price range offered herein, such as the Gem BU 1870-S Gold Dollar, a rare Choice BU No Motto Eagle, and two No Motto Double Eagles, to name a few, will be met with the same eagerness.

With this increased interest in rare gold coins, we unhesitatingly recommend serious consideration of several classic rarities offered in this listing—i.e., the 1875 Quarter Eagle, one of only twenty Proofs struck; the 1834 Half Eagle, which combines breathtaking beauty and established rarity; the 1887 Half Eagle, a long respected Proof only issue; the famous and historical 1861-S Paquet Double Eagle; and others.

Other areas of the numismatic market are quite solid. Potential buyers of copper, nickel and silver coins, particularly those of the 19th century, will no doubt be delighted to discover some price reductions (as well as the inevitable increases) in this edition. The astute shopper will be amply rewarded if he is quick to call to confirm his order.

Our staff awaits the opportunity to serve you.

Sincerely,

Ron Howard

HALF CENTS

1806 Brown Unc (60) Beautiful, glossy brown surfaces.	350.00
1806 Ch R&B Unc (60+) Pleasing surfaces with tinges of red	495.00
1856 Gem Proof (65) Mostly brown with an appealing undertone of mint red	975.00

LARGE CENTS

1794 VF (20) Very clean surfaces and extremely attractive. Two minor rim bumps.	225.00
1794 Ch R&B Unc (60+) This is one of the four or five nicest 1794 Large Cents we have ever seen. The coin has quite a bit of the original mint red with the remainder of the surfaces being a beautiful, glossy brown. The coin is very well struck. The planchet has several cracks on the obverse, which is typical of many early coppers. In addition, there is one die break between the "I" and "B" of "LIBERTY". Without a doubt, this is the finest 1794 Large Cent on the market at this time. It is somewhat inferior to a piece that brought \$13,000 at the Miami A.N.A. in 1974. Would fit into the finest type set. Museum quality	5,750.00
1795 VG (8) Scarce lettered edge type.	95.00
1797 F/VF (15+) S-12K. Period before throat variety. "UNITED" virtually indistinct; rest of reverse strong. Attractive obverse color	95.00

1797 EF (40) S-138. Extremely sharp hair detail with no problems	250.00
1800/99 EF/AU (45+) Perfect surfaces and lovely color. The type commonly called "Brown Unc"	495.00
1800 EF (40) Nice surfaces and color. Excellent hair detail	195.00
1803 Gem R&B Unc (65) Well struck with full hair detail. Absolutely gorgeous surfaces and color. A candidate for the most advanced type set. An excellent opportunity.	3,250.00
1805 F/VF (15+) S-267	65.00
1805 Ch AU (55+) Gorgeous light brown color with defect-free surfaces.	975.00
1810 VF/EF (35+) Extremely sharp detail	195.00
1812 Gem R&B Unc (65) Needle-sharp strike. Amazing red and gold color. Some ever so slight spotting on the reverse keeps this coin out of the superb class and a \$10,000 price. A very lovely coin	2,650.00

1827 Ch Proof (60+) Restrike. The 1827 Quarter is the contemporary of the other famous restrike issues, including the 1804 Dollar, struck during the late 1850's and early 1860's, under the auspices of several mint employees. The 1827 Restrike Quarter in silver is not a pattern issue and a limited number were coined solely to satisfy collector demand for the date (as the 1827 Original, curl base 2, had already been recognized as a rarity). The following excerpt from a letter dated January 22, 1859 from James Ross Snowden, Director of the Mint, to Secretary of the Treasury Howell Cobb, sheds a bit of light on the subject:	

Sir,

We are daily pressed upon, by collectors of coins from all parts of the country either by letter or in person, for specimens of pattern pieces of coins, and rare types. A few of these have been in every case issued—some of them got into the hands of dealers and are sold at excessive prices. I propose, with your approbation, to check this traffic, and at the same time gratify a taste which has lately increased in this country, and seems to be increasing every day, namely by striking some of each kind and affixing a price to them, so that the profits may enure to the benefit of the Mint Cabinet of Coins and Ores which is the property of the United States; an exact amount of which will be kept and rendered to the Department.

The presently offered specimen of the 1827 Restrike Quarter was probably an early impression from the dies, as it is struck from very lightly rusted dies and has exceptionally brilliant surfaces. Its pedigree can be traced to the R. L. Miles Collection, and it is one of only nine known specimens. The issue is of virtually the same rarity as the 1827 Original Quarter, a specimen of which is on the market at a price approaching six figures. To own a coin of this magnitude, a truly romantic issue, would represent a gratifying experience for the connoisseur of American numismatic rarities 16,500.00

1795 Ch BU (60+) Well struck. Nice mint luster with light gold and gray toning. An extremely scarce one year type coin. One of the three or four nicest of this type we have seen. Absolutely void of any defects or adjustment marks. Priced fairly.	9,500.00
1807 BU (60) Bust right. Nice mint luster. Light golden toning. The reverse is fully struck-up; the obverse is nearly so.	1,950.00
1812 Gem BU (65+) A virtually perfect coin. Fully struck with no rub whatsoever. Just a tinge of golden toning. The nicest Bust Half we have ever owned.	1,450.00

1830 EF/AU (45+).	65.00

1830 Gem Proof (65) As with the 1835 Dime in this price list, there is absolutely no doubt about this coin being a Proof. This coin has complete mirror surfaces and needle-sharp detail. There are some lines in the fields but they are probably a result of the polishing of the dies. Often times prooflike examples are offered as Proofs at bargain prices which has acted to hold the price down on the real thing. As a Proof, this is probably an R-7 item and is extremely rare as such. 5,250.00

REEDED EDGE HALVES

1838 AU (50) A small planchet defect at the rim. Nice mint luster. In all, an appealing coin. 195.00

1839-O Gem BU (65+) Splendidly toned with light green and yellow hues about the periphery mellowing to rose shades in the center of the coin, with shimmering luster emanating throughout. The piece possesses impeccable surfaces and is well struck, with all stars save the first exhibiting complete centers. We have seen more Gems of the more heralded 1836 Reeded Edge Half than of this date. The fact is, the survival ratio of Choice 1839-O Halves is hundreds of times lower than that of the 1836 Reeded Edge and, in our judgement, the 1839-O is a superior buy.

This coin is of such precious quality that it could satisfy the most fastidious type collector; it is of such rarity in this condition that probably no amount of money could purchase another. It will be a fortunate new owner who takes advantage of this infrequent combination of quality and rarity which is present in this remarkable coin. 7,500.00

GOLD DOLLARS, (CONT'D)

- 1870-S Gem BU (65) One of the most famous of all Gold Dollars. For some reason, this particular issue, on a percentage basis, is more commonly found mounted, repaired, plugged, etc., than any other U. S. Gold coin. Its meager mintage of 3,000 pieces, coupled with its low survival ratio of unimpaired specimens, accounts for its scarcity. A key date of a popular series. 3,950.00
- 1881 Gem BU (65) Rich, pleasing color. Sharp. 795.00
- 1881 Gem BU (65+) Superb! Virtual perfection. 950.00
- 1883 Gem BU (65+) Superb! A frosty, glittering Gem with indescribably beautiful color and immaculate surfaces. 950.00
- 1884 Ch BU (60+) Attractive, prooflike surfaces. 745.00

QUARTER EAGLES

- 1798 Ch AU (55+) Wide date, five berries. A significantly rare variety, although no premium has been added to our price for that reason. Of immense importance because of its rarity and condition. Incredibly well struck for this date, so much so that the amount of detail apparent surely surpasses that visible on the few pieces that may exist in Mint State. The obverse is completely free of any nicks, scratches or adjustment marks. The reverse shows traces of adjustment marks that were on the planchet, but the coin was so heavily struck as to render them virtually unnoticeable. The shield lines are bold and completely separated. The eagle's breast and wingtips are full. Both obverse and reverse surfaces are prooflike. Dave Akers' research testifies to the rarity of this piece, as it shows no specimen cataloged as Uncirculated has appeared at auction since 1963. We are proud to offer this exciting coin. 8,500.00
- 1848 EF (40) Low mintage of 7,497. 775.00
- 1850-D EF (40) 345.00
- 1875 Ch Proof (60+) This coin is one of the great rarities of United States gold coinage. This date has a total mintage of only 420 pieces (20 Proofs, 400 Business Strikes). It is fully brilliant with only a few very trivial hairlines. Probably no more than five pieces of the Proof coinage can claim to be equal to this specimen. Proofs are actually much scarcer than auction records would indicate, as many 1875 Quarter Eagles identified as Proofs were probably actually prooflike Business Strikes. A piece only marginally nicer than this one was once advertised by a major firm for \$50,000. Needless to say, we think this classic rarity has a bright future. A highlight of any collection. 24,000.00

HALF EAGLES

- 1795 AU (50) Small eagle. Sharp, with full breast feathers. Attractive, semi-prooflike surfaces with zero adjustment marks. 5,950.00
- 1803/2 Ch BU (60+) Sharply struck with full hair and drapery detail on Liberty, and complete breast feathers and wingtips on the eagle. Bold overdate. All in all, an outstanding example of early American gold. 3,250.00
- 1805 Gem BU (65) Super strike with nice color. 33,183 minted. Much scarcer date in Mint State than most of the others in this series. 3,750.00

- 1810 EF/AU (45+) Pleasing. 1,375.00
- 1811 Gem BU (65+) Superb! Full, original mint frost. A pristine beauty 4,500.00

- 1834 Gem BU (65) Plain four. This coin was Lot No. 1045 of the Bowers & Ruddy Austin Sale in 1974, where it brought \$27,000. Walter Breen can only trace two Mint State specimens of this date and type in existence. It has lovely color with a prooflike reverse. In addition, it is a virtual full strike. A beautiful coin indeed, and worthy of the finest cabinet. Priced very fairly 22,500.00

- 1844-O Ch BU (60+) Full, booming mint luster, and quite well struck, especially for a New Orleans issue, with full eagle's claws, shield lines and wingtips on the reverse. As a group, No Motto Half Eagles from the New Orleans mint are nearly as rare as those from Charlotte and Dahlonega, although they are, relatively speaking, more reasonably priced. 2,950.00

- 1854 Ch AU (55+) Lustrous. A hair away from Mint State 325.00

1856-S Ch BU (60+) A few obverse bag marks from the Gem category. Not a "salt water Unc", as most Mint State examples of this date are. Fully lustrous.	1,950.00
1861-O EF (40) Catalogs at \$2,200. Nice mint luster	1,875.00
1861-S Paquet EF/AU (45+) The reverse designed by Anthony Paquet. These new reverse dies, featuring tall, narrow letters, were sent to the branch mints which struck the denomination. A trial striking at Philadelphia of two examples on January 5, 1861, showed the new die to be unsuitable for regular issue coinage. James Pollack, Director of the Mint, sent messages to New Orleans and San Francisco, suspending further use of the die. The message arrived at New Orleans but failed to reach San Francisco, due to rather primitive travel conditions and lack of a telegraph. In the interim, 19,250 were struck at San Francisco using the Paquet reverse. When word reached the mint, most of these were melted and recoined using a leftover regular reverse die. A few reached circulation. An immensely desirable and historical issue and one of the finer examples to appear for public sale.	7,500.00

Commemorative Halves

Choice Brilliant Uncirculated (60+)

A Commemorative issue which has seen no circulation and has full luster. The coin will be completely as struck. The coin may have bagmarks which were acquired through normal handling through the years. Commemoratives in this grade are of better than average quality uncirculated specimens.

Gem Brilliant Uncirculated (65)

This is an uncirculated coin which has a strong strike for the issue and a minimum number of bagmarks. These coins will have full brilliance, but may be naturally toned. Commemoratives are seldom found any better than this. In short, coins which meet this grade are the finest quality available on the market.

Color is for results.

When selling our consignors' coins, our main objective is to realize the highest possible price for the total consignment. We know that in order to accomplish this objective we must sell as many coins as possible to retail collectors and not wholesale to dealers. We also know that the auction catalog is the only source available to the retail mail bidders to make their purchasing decisions. Because of these facts we believe that the auction catalog should show the most appealing representations of the coins being sold. And color does this best.

Color is accurate. Color photography is the only way to depict the coin with the precision necessary for mail bidders to bid with great confidence. The color pictures show detail, relief, strike, and most importantly color. With this kind of information, the mail bidder can bid more aggressively because he knows exactly what he is buying.

Color is beautiful. In order to realize the highest possible prices, your coins must be pictured in the most pleasing and complimentary manner available. Our color catalog allows your coins to exhibit their natural beauty using the most sophisticated color printing techniques. Now a toned Proof can be seen, and the attractive blues, greens, and golds appreciated.

Color is reality. With the exception of holding the coin in his hand, the mail bidder has no better way to see the exact appearance of the coin than with color. Our color photographs depict the coin as it is. This allows the true quality of the coin to be

observed, and consequently a confident bid can be submitted according to that true quality.

Color is for results. Our all color catalog gives the retail mail bidder the best possible reference to make his bidding decisions with a high degree of confidence. This is supported by the fact that over 40% of all the coins in our auctions sell to mail bidders. This record level of retail mail bid participation and our color catalog insures you of receiving the best results when selling your coins.

Let us put our all color catalog to work for you. Call our Auction Director Bob Merrill today, toll free, at 1-800-527-4503. He'll tell you how you can get the best results using our beautiful color catalog.

Catalog Supplement

MAY-JUNE, 1977

Dear Customer and Friend:

This supplement is the first to be sent from our beautiful new office in North Dallas. Please note our new mailing address and local number. We have the same WATS number.

We have more room to maintain our excellent record of customer service for you, as well as provide for future expansion. When you are in the Dallas area, be sure to give us a call and stop by.

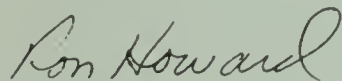

As always, our buyers have given you many new purchases to choose from in this listing. Some classic rarities, such as the 1875 Quarter Eagle, the 1887 Half Eagle, and the 1827 Quarter, found new homes since our last publication. We were proud to handle these coins. We've been in this business a long time, but time cannot diminish the thrill of owning a rare coin.

If you would like to establish a want list, or update one we already have on file, call Charles Clifford on our WATS line. We strive to be the most active want list searcher in the business. Charles can make certain that this service is available to you.

Our July auction promises to be our most exciting ever—a major Western institution has consigned an old-time collection, plus virtually complete sets of Seated Liberty Quarters and Half Dollars will be offered. If you are considering selling, contact Bob Merrill for details on how your coins can be a part of this important numismatic event.

Many exciting things are happening to numismatics and Steve Ivy Rare Coin Co. It's been years since we've seen such vigor and confidence in the market. We hope you find some interesting coins in the following pages. If you decide to buy, we think your timing is excellent!

Sincerely,

Ron M. Howard
Manager—Rare Coin Department

LARGE CENTS

1794 Ch R&B Unc (60+) This is one of the four or five nicest 1794 Large Cents we have ever seen. The coin has quite a bit of the original mint red with the remainder of the surfaces being a beautiful, glossy brown. The coin is very well struck. The planchet has several cracks on the obverse, which is typical of many early coppers. In addition, there is one die break between the "I" and "B" of "LIBERTY". Without a doubt, this is the finest 1794 Large Cent on the market at this time. The auction record for this date is \$13,000, brought at the Miami A.N.A. in 1974. Would fit into the finest type set. Color is for results.

When selling our consignors' coins, our main objective is to realize the highest possible price for the total consignment. We know that in order to accomplish this objective we must sell as many coins as possible to retail collectors and not wholesale to dealers. We also know that the auction catalog is the only source available to the retail mail bidders to make their purchasing decisions. Because of these facts we believe that the auction catalog should show the most appealing representations of the coins being sold. And color does this best.

Color is accurate. Color photography is the only way to depict the coin with the precision necessary for mail bidders to bid with great confidence. The color pictures show detail, relief, strike, and most importantly color. With this kind of information, the mail bidder can bid more aggressively because he knows exactly what he is buying.

Color is beautiful. In order to realize the highest possible prices, your coins must be pictured in the most pleasing and complimentary manner available. Our color catalog allows your coins to exhibit their natural beauty using the most sophisticated color printing techniques. Now a toned Proof can be seen, and the attractive blues, greens, and golds appreciated.

Color is reality. With the exception of holding the coin in his hand, the mail bidder has no better way to see the exact appearance of the coin than with color. Our color photographs depict the coin as it is. This allows the true quality of the coin to be observed, and consequently a

confident bid can be submitted according to that true quality.

Color is for results. Our all color catalog gives the retail mail bidder the best possible reference to make his bidding decisions with a high degree of confidence. This is supported by the fact that over 40% of all the coins in our auctions sell to mail bidders. This record level of retail mail bid participation and our color catalog insures you of receiving the best results when selling your coins.

Let us put our all color catalog to work for you. Call our Auction Director Bob Merrill today, toll free, at 1-800-527-4503. He'll tell you how you can get the best results using our beautiful color catalog.

1846 Gem Proof (65) Absolutely beautiful. Fully struck with light golden toning. Surely no more than ten unimpaired specimens of this date are extant, and this is certainly one of the finest. An important opportunity	5,250.00
1849 Gem Proof (65) Light green and blue toning. An R-7 coin of which this must be one of the finest known. Any unimpaired Proof coin before 1856 is extremely rare. A coin such as this should prove to be a good investment.	5,500.00

1853 Ch BU (60+) Arrows and rays. A few light roller marks (made at the mint when the silver bars were rolled down to the proper thickness) are the only reason this coin is not called a Gem and priced twice as high. BUST HALVES

1795 VG (8)	275.00
1812 Gem BU (65+) Expensive, but quality such as this is never cheap	1,450.00

1813 BU (60) Nice strike with full mint luster. Some slight irregularities on the reverse as 5 o'clock caused by the edge lettering.	395.00
1823 Gem BU (65) Normal 3. Extremely sharp and pleasantly toned	795.00
1829 Gem BU (65) Sea green and rose toning about the peripheries	795.00
1830 EF/AU (45+)	65.00
1830 Gem Proof (65) As with the 1835 Dime in this price list, there is absolutely no doubt about this coin being a Proof. This coin has complete mirror surfaces and needle-sharp detail. There are some lines in the fields, but they are probably a result of the polishing of the dies. Often, prooflike examples are offered as Proofs at bargain prices which has acted to hold the price down on the real thing. As a Proof, this is probably an R-7 item.	5,250.00

REEDED EDGE HALVES

1838 AU (50) A small planchet defect at the rim. Nice mint luster. In all, an appealing coin.	195.00
1839-O Gem BU (65+) Splendidly toned with light green and yellow hues about the periphery mellowing to rose shades in the center of the coin, with shimmering luster emanating throughout. The piece possesses impeccable surfaces and is well struck, with all stars save the first exhibiting complete centers. We have seen more Gems of the more heralded 1836 Reeded Edge Half than of this date. The fact is, the survival ratio of Choice 1839-O Halves is hundreds of times lower than that of the 1836 Reeded Edge and, in our judgement, the 1839-O is a superior buy. This coin is of such precious quality that it could satisfy the most fastidious type collector; it is of such rarity in this condition that probably no amount of money could purchase another. It will be a fortunate new owner who takes advantage of this infrequent combination of quality and rarity which is present in this remarkable coin.	7,500.00

1870-S Gem BU (65) One of the most famous of all Gold Dollars. For some reason, this particular issue, on a percentage basis, is more commonly found mounted, repaired, plugged, etc., than any other U. S. Gold coin. Its meager mintage of 3,000 pieces, coupled with its low survival ratio of unimpaired specimens, accounts for its scarcity. A key date of a popular series.	3,950.00

QUARTER EAGLES

1798 Ch AU (55+) Wide date, five berries. A significantly rare variety, although no premium has been added to our price for that reason. Of immense importance because of its rarity and condition. Incredibly well struck for this date, so much so that the amount of detail apparent surely surpasses that visible on the few pieces that may exist in Mint State. The obverse is completely free of any nicks, scratches or adjustment marks. The reverse shows traces of adjustment marks that were on the planchet, but the coin was so heavily struck as to render them virtually unnoticeable. The shield lines are bold and completely separated. The eagle's breast and wingtips are full. Both obverse and reverse surfaces are prooflike. Dave Aker's research testifies to the rarity of this piece, as it shows no specimen cataloged as Uncirculated has appeared at auction since 1963. We are proud to offer this exciting coin	8,500.00

EAGLES

1795 Ch AU (50+) Just a little rub on the high points. No adjustment marks, nicks, scratches, or problems of any kind. Beautiful prooflike surfaces retain practically all of their original luster. An excellent opportunity.	8,500.00
1803 Ch BU (60+) Exceeded in rarity in this outstanding condition by no other date of this type except 1804. This coin exhibits an indescribably beautiful color and is virtually fully struck. Only a few very light obverse adjustment marks keep this coin out of the Gem classification. In fact, this is the second nicest of this type we have ever handled.	5,950.00

DOUBLE EAGLES

1856-S Ch BU (60+) A few obverse bag marks from the Gem category. Not a "salt water Unc", as most Mint State examples of this date are. Fully lustrous.	1,950.00
1861-O EF (40) Catalogs at \$2,200. Nice mint luster	1,875.00
1861-S Paquet EF/AU (45+) The reverse designed by Anthony Paquet. These new reverse dies, featuring tall, narrow letters, were sent to the branch mints which struck the denomination. A trial striking at Philadelphia of two examples on January 5, 1861, showed the new die to be unsuitable for regular issue coinage. James Pollack, Director of the Mint, sent messages to New Orleans and San Francisco, suspending further use of the die. The message arrived at New Orleans but failed to reach San Francisco, due to rather primitive travel conditions and lack of a telegraph. In the interim, 19,250 were struck at San Francisco using the Paquet reverse. When word reached the mint, most of these were melted and re-coined using a leftover regular reverse die. A few reached circulation. An immensely desirable and historical issue and one of the finer examples to appear for public sale.	7,500.00

Pattern Eagle

J-1175 Ch Proof (60+) 1871 \$10 in nickel. Similar in appearance to the Half Eagle (J-1172). Possibly unique (no rarity rating in Judd)	2,250.00
---	----------

Pattern Double Eagle

J-1178 Gem Proof (65+) 1871 \$20 in nickel. Listed as R-8, but it is perhaps unique. This is the most incredible nickel Pattern we have ever seen. Because of its extreme hardness, nickel coins or Patterns were rarely fully struck-up by the mint. And, the larger the dies, the more difficult it became to impart proper detail to the planchets. This is shown by the progressively weaker strikes of most gold die trials in nickel as their denomination increases. However, special attention was obviously paid by the mintmaster to this piece, as it is equal to the strike of any gold Proof Double Eagle! In our opinion, this is the most beautiful nickel piece (Pattern or regular issue) ever produced by the U. S. Mint	4,750.00

Commemorative Halves

Choice Brilliant Uncirculated (60+)

A Commemorative issue which has seen no circulation and has full luster. The coin will be completely as struck. The coin may have bagmarks which were acquired through normal handling through the years. Commemoratives in this grade are of better than average quality uncirculated specimens.

Gem Brilliant Uncirculated (65)

This is an uncirculated coin which has a strong strike for the issue and a minimum number of bagmarks. These coins will have full brilliance, but may be naturally toned. Commemoratives are seldom found any better than this. In short, coins which meet this grade are the finest quality available on the market.

We often buy coins we never advertise for re-sale. The reason? One of our customers had a want list on file with us which requested these coins and they went directly to that customer.

Often we can sell want list coins at a lower price since we do not have to include the cost of advertising them.

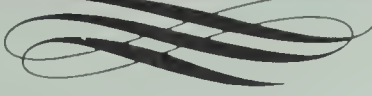

Several of our staff are want list specialists. Please give us the opportunity of showing what we can locate for you . . . at a reasonable price.

Catalog Supplement

Dear Customer and Friend:

The future of rare coins continues to look bright. These pre-ANA Convention months have been busy, and everyone anticipates an excellent show in Atlanta in August. If you plan to attend, be sure to stop by and visit.

With increasing frequency, we are helping people who are concerned about their financial future learn more about what rare coins can do for them. With double-digit inflation predicted by some experts for the months and years ahead, intelligent investors are exploring the alternatives to conservative, low-yield bonds and bank accounts and the lethargic pace of the stock market.

We can answer questions such as "What percentage of my investment portfolio should be in rare coins?", or "How have rare coins performed in the past?" We can assist Keogh and IRA owners in the conversion of portions of their accounts to rare coins. We have the personnel and experience to respond to your needs with accurate advice and immediate action. Please feel free to contact us with your questions—there's no obligation.

Sincerely,

Ron Howard

EARLY DIMES

1823 Ch AU (55) A very well struck coin with light gold and gray toning	425.00
1835 Ch AU (55)	195.00
1835 Gem Proof (65) Unquestionably a Proof. The only other bona fide Proof that has been offered, to our knowledge, in the last two years is a Gem 1831, sold as part of an 1831 Proof Set. That set, which included a Half Cent, Half Dime, Dime, Quarter, and Half Dollar, changed hands for approximately \$30,000. A little arithmetic and some price comparison conclude that this coin is fairly priced. A classic, beautiful coin that would enhance even the most elegant cabinet	5,000.00

EARLY QUARTERS

1818 Ch BU (60+) Somewhat weakly struck, as are most of this date. Otherwise, this coin is close to perfection. It has beautiful satin surfaces with light toning. This coin would fit nicely in any quality type set.	2,250.00

LIBERTY SEATED QUARTERS

1841-O AU (50) Very rare date.	275.00
1853 Ch BU (60+) Arrows and rays. A few light roller marks (made at the mint when the silver bars were rolled down to the proper thickness) are the only reason this coin is not called a Gem and priced twice as high. A good opportunity for the type collector who wants a Choice coin at a reasonable price.	1,250.00

1830 Gem Proof (65) As with the 1835 Dime in this price list, there is absolutely no doubt about this coin being a Proof. This coin has complete mirror surfaces and needle-sharp detail. There are some lines in the fields, but they are probably a result of the polishing of the dies. Often, prooflike examples are offered as Proofs at bargain prices which has acted to hold the price down on the real thing. As a Proof, this is an R-7 item	5,250.00

Once-a-year Special

This is your opportunity to really save on selected coins from our regular inventory. July 31 marks the end of our fiscal year and we must count all of our inventory. The pieces listed in this section represent coins we would rather sell than count.

Many of these coins were purchased with large collections we acquired during the year and have never been advertised. Some have been advertised before and never were sold. Others we have simply owned too long.

All of these coins have been graded and regraded for accuracy and have been priced to sell. Take the time to look through these pages. We're sure you'll find a coin to suit your interests.

DOUBLE EAGLES

1861-S Paquet EF/AU (45+) The reverse designed by Anthony Paquet. These new reverse dies, featuring tall, narrow letters, were sent to the branch mints which struck the denomination. A trial striking at Philadelphia of two examples on January 5, 1861, showed the new die to be unsuitable for regular issue coinage. James Pollack, Director of the Mint, sent messages to New Orleans and San Francisco, suspending further use of the die. The message arrived at New Orleans but failed to reach San Francisco, due to rather primitive travel conditions and lack of a telegraph. In the interim, 19,250 were struck at San Francisco using the Paquet reverse. When word reached the mint, most of these were melted and recoinced using a leftover regular reverse die. A few reached circulation. An immensely desirable and historical issue and one of the finer examples to appear for public sale.

QUARTER EAGLES

1798 Ch AU (55+) Wide date, five berries. A significantly rare variety, although no premium has been added to our price for that reason. Of immense importance because of its rarity and condition. Incredibly well struck for this date, so much so that the amount of detail apparent surely surpasses that visible on the few pieces that may exist in Mint State. The obverse is completely free of any nicks, scratches, or adjustment marks. The reverse shows traces of adjustment marks that were on the planchet, but the coin was so heavily struck as to render them virtually unnoticeable. The shield lines are bold and completely separated. The eagle's breast and wingtips are full. Both obverse and reverse surfaces are prooflike. Dave Akers' research testifies to the rarity of this piece, as it shows no specimen cataloged as Uncirculated has appeared at auction since 1963. We are proud to offer this exciting coin. . .	8,500.00

1929 Gem BU (65) In 1929, the handwriting was already on the wall for U. S. gold coins. The three mints would strike nearly six million Double Eagles between 1929 and 1933, but only a relative handful would survive the melting pot. No one knows exactly how many of each particular date escaped, but that unique time in our country's history created some of our most famous and beautiful gold coin rarities. We proudly offer this Gem example for	5,750.00

J-1652 Gem Proof (65) 1880 \$1. Copper, R.E., R-7. 750.00
 J-1749 Gem Proof (65+) 1885 \$1. Aluminum, L.E., R-8. Snowden's experimental piece. An absolutely incredible coin in terms of strike, rarity, and overall beauty. With reported sales of over \$7,000 on the R-5 Snowden Silver piece, we feel that this coin, which is probably 20 to 30 times rarer, has tremendous potential. 6,500.00

 J-653 Ch Proof (60+) 1868 \$1. Regular dies trial. 1,100.00

Pattern Half Eagles
 J-659 Gem Proof (65) 1868 \$5. Aluminum, P.E., R-6. The famous Paquet International Half Eagle. The reverse reads "5 Dollars—25 Francs". An interesting piece of American history 1,500.00
 J-1171 Gem Proof (65) 1871 \$5. Aluminum, R-7 1,650.00
 Pattern Eagle
 J-1175 Ch Proof (60+) 1871 \$10 in nickel. Possibly unique (No rarity rating in Judd). 2,250.00

Pattern Double Eagle
 J-1178 Gem Proof (65+) 1871 \$20 in nickel. Listed as R-8, but it is perhaps unique. This is the most incredible nickel Pattern we have ever seen. Because of its extreme hardness, nickel coins or Patterns were rarely fully struck-up by the mint. And the larger the dies, the more difficult it became to impart proper detail to the planchets. This is shown by the progressively weaker strikes of most gold die trials in nickel as their denomination increases. However, special attention was obviously paid by the mintmaster to this piece, as it is equal to the strike of any gold Proof Double Eagle. In our opinion, this is the most beautiful nickel piece (Pattern or regular issue) ever produced by the U. S. Mint . . . 4,750.00

Pattern Territorial Gold
 Pikes Peak \$10. Choice Proof (60+) A copper Pattern of the famous "mountain eagle" struck by Clark, Gruber, & Company in 1860. 1,950.00

Commemorative Halves

Choice Brilliant Uncirculated (60+)

A Commemorative issue which has seen no circulation and has full luster. The coin will be completely as struck. The coin may have bagmarks which were acquired through normal handling through the years. Commemoratives in this grade are of better than average quality uncirculated specimens.

Gem Brilliant Uncirculated (65)

This is an uncirculated coin which has a strong strike for the issue and a minimum number of bagmarks. These coins will have full brilliance, but may be naturally toned.

Commemoratives are seldom found any better than this. In short, coins which meet this grade are the finest quality available on the market.

AUGUST 1977

Special Pre-A.N.A. Offer

Dear Customer and Friend:

The A.N.A. is fast approaching, and our preparations for our national convention have already begun. Boxes are being packed, literature prepared, and our inventory counted. One of the most important functions we perform in our pre-A.N.A. ritual is to prepare psychologically and financially for seven straight days of buying coins at a feverish pace for ten hours each day.

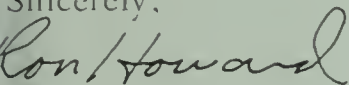

We have set a goal to buy \$1,000,000 in rare coins at this year's national convention. In order to accomplish this seemingly impossible task in only seven days, we need your help in two ways.

First, so that we may have as much money as possible available to spend at the convention, we're offering a 10% discount on all orders over \$200 postmarked before August 20, 1977. This will benefit both you and our company: you buy the coins you need at excellent savings, and we can achieve our goal at the A.N.A.

The second way you can help us achieve our goal is to stop by our table No. 34 at the convention and sell us your coins. We need to buy all types of coins to replenish our inventory. We'll be at our table from the start to the finish of the convention, every day from opening to closing.

We have just completed another year in the industry with near record profits and sales. We appreciate your confidence in our firm and thank you for your repeated purchases. We look forward to serving you even more successfully in the future.

Sincerely,

Ron Howard
Manager—Rare Coin Department

P.S. Remember, take a 10% discount on all orders over \$200 postmarked before August 20, 1977.

Steve Ivy Rare Coin Co. Right on the Money.

EARLY DIMES, (CONT'D)

1835 Gem Proof (65) Unquestionably a Proof. The only other bona fide Proof that has been offered, to our knowledge, in the last two years is a Gem 1831, sold as part of an 1831 Proof Set. That set, which included a Half Cent, Half Dime, Dime, Quarter, and Half Dollar, changed hands for approximately \$30,000. A little arithmetic and some price comparison conclude that this coin is fairly priced. A classic, beautiful coin that would enhance even the most elegant cabinet 5,000.00

1818 Ch BU (60+) Somewhat weakly struck, as are most of this date. Otherwise, this coin is close to perfection. It has beautiful satin surfaces with light toning. This coin would fit nicely in any quality type set. 2,250.00

LIBERTY SEATED QUARTERS

1841-O AU (50) A very rare date. 275.00
1843 Gem BU (65) 100% full strike. Attractive orange and gold toning. Pre-1850 Seated Quarters are quite rare in MS-65. 1,175.00
1849 Gem Proof (65) Light green and blue toning. An R-7 coin of which this must be one of the finest known. Any unimpaired Proof coin before 1856 is extremely rare. A coin such as this should prove to be a good investment. 5,500.00
1853 Ch BU (60+) Arrows and rays. A few light roller marks (made at the mint when the silver bars were rolled down to the proper thickness) are the only reason this coin is not called a Gem and priced twice as high. A good opportunity for the type collector who wants a Choice coin at a reasonable price. 1,250.00
1853 Gem BU (65) No arrows. Recut date, as all are. 99% struck-up, plus superb surfaces and complete luster. A bargain relative to the Arrows and Rays type. 3,450.00
1854 Gem Proof (65) Arrows. Breen states that this is an R-7 coin, and we feel that this is the finest known of the very few we have seen. Beautiful sea-green toning. 7,500.00

1830 Gem Proof (65) As with the 1835 Dime in this price list, there is absolutely no doubt about this coin being a Proof. This coin has complete mirror surfaces and needle-sharp detail. There are some lines in the fields, but they are probably a result of the polishing of the dies. Often, prooflike examples are offered as Proofs at bargain prices which has acted to hold the price down on the real thing. As a Proof, this is an R-7 item 5,250.00

This coin has beautiful surfaces and a full wire rim. Not gilt, as many of the few known specimens have been.	7,500.00

J-1639 Gem Proof (65) 1880 \$4. Flowing Hair Stella in copper. Similar in rarity, quality, and appearance to J-1636. Also rarer than the gold coin from the same dies. ---	----------

Pattern Double Eagle

J-1178 Gem Proof (65+) 1871 \$20 in nickel. Listed as R-8, but it is perhaps unique. This is the most incredible nickel Pattern we have ever seen. Because of its extreme hardness, nickel coins or Patterns were rarely fully struck-up by the mint. And, the larger the dies, the more difficult it became to impart proper detail to the planchets. This is shown by the progressively weaker strikes of most gold die trials in nickel as their denomination increases. However, special attention was obviously paid by the mintmaster to this piece, as it is equal to the strike of any gold Proof Double Eagle! In our opinion, this is the most beautiful nickel piece (Pattern or regular issue) ever produced by the U.S. Mint.	4,750.00

Commemorative Halves

Choice Brilliant Uncirculated (60+)

A Commemorative issue which has seen no circulation and has full luster. The coin will be completely as struck. The coin may have bagmarks which were acquired through normal handling through the years. Commemoratives in this grade are of better than average quality uncirculated specimens.

Gem Brilliant Uncirculated (65)

This is an uncirculated coin which has a strong strike for the issue and a minimum number of bagmarks. These coins will have full brilliance, but may be naturally toned. Commemoratives are seldom found any better than this. In short, coins which meet this grade are the finest quality available on the market.

Dear Customer and Friend:

The 1977 A.N.A. Convention is over. I'm pleased to report that price levels in virtually every numismatic series remain firm, with every sign that we are only weeks away from another surge in values.

Our six man A.N.A. team spent a cumulative total of 504 hours on the bourse floor diligently searching for new inventory to present to you. We feel the overall quality of our new purchases was exceptional and exciting. A quick review of material included in this Supplement reveals a wide selection of superb type coins, an outstanding array of early type gold, spectacular prooflike Morgan Dollars, fully struck "O" Mint Morgan Dollars, an unbelievable date run of full split band Mercury Dimes, common to key date gold coins in superb condition, and much, much more.

As always, we appreciate each and every customer and order and look forward to serving your every numismatic need.

Cordially,

Charles Clifford
Customer Service Representative

P. S. Thanks to all who have recently submitted their Want List. Even though you may not hear from us immediately, be assured that we are looking for material for you.

HALF DIMES

1797 Ch AU (50+) Sixteen stars. Considerably more detail than is usually present on a Half Dime of this date, which always comes softly struck in the centers. An excellent type coin	2,950.00
1797 Gem BU (65) The most incredible example of this date and type we have ever encountered. While not being fully struck, it is as strong a strike as we have ever seen for this coin. Under strong magnification, the coin shows no defects whatsoever. One die break bisects the obverse, but it only adds another dimension to this already remarkable coin. This coin surfaced at this year's A.N.A. Convention and came from Europe in recent months. It has no doubt been there for most of its existence. As mentioned, the coin is well struck and richly toned in primarily golds and browns. A once in a lifetime opportunity for the connoisseur of fine coins.	9,750.00
1830 Ch BU (60+) Kept from Gem by a few obverse hairlines. Extremely sharp.	495.00

Pattern Eagle	
J-1175 Ch Proof (60+) 1871 \$10 in nickel. Similar in appearance to the Half Eagle (J-1172). Possibly unique (no rarity rating in Judd).	2,250.00
Pattern Double Eagle	
J-1178 Gem Proof (65+) 1871 \$20 in nickel. Listed as R-8, but it is perhaps unique. This is the most incredible nickel Pattern we have ever seen. Because of its extreme hardness, nickel coins or Patterns were rarely fully struck-up by the mint. And, the larger the dies, the more difficult it became to impart proper detail to the planchets. This is shown by the progressively weaker strikes of most gold die trials in nickel as their denomination increases. However, special attention was obviously paid by the mintmaster to this piece, as it is equal to the strike of any gold Proof Double Eagle! In our opinion, this is the most beautiful nickel piece (Pattern or regular issue) ever produced by the U. S. Mint.	4,750.00

Commemorative Halves

Choice Brilliant Uncirculated (60+)

A Commemorative issue which has seen no circulation and has full luster. The coin will be completely as struck. The coin may have bagmarks which were acquired through normal handling through the years. Commemoratives in this grade are of better than average quality uncirculated specimens.

Gem Brilliant Uncirculated (65)

This is an uncirculated coin which has a strong strike for the issue and a minimum number of bagmarks. These coins will have full brilliance, but may be naturally toned. Commemoratives are seldom found any better than this. In short, coins which meet this grade are the finest quality available on the market.

Dear Customer and Friend:

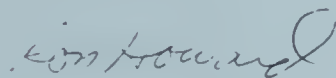

Silver Dollars are hot! In fact, in our many years in the coin business, we have never seen a series as active and popular as Morgan and Peace Dollars are now. The activity has a broad and solid base, and looks likely to be with us continuously during the years to come.

We have always maintained an excellent Dollar inventory, and are well prepared for today's increased demand. Nonetheless, when ordering Morgan or Peace Dollars, a phone call on our WATS line may be helpful in avoiding disappointment.

Rare gold coins are continuing on their current upswing. Increased bullion activity and a renewed confidence in the future of gold coins as an investment have given this area a considerable boost.

This issue features U. S. Silver Dollars, gold coins, and other numismatic niceties. Whether a collector, investor, or a combination of both, we are sure you can find something of interest.

Sincerely,

Ron Howard

Steve Ivy Rare Coin Co. Right on the Money.

HALF DIMES

1797 Gem BU (65) The most incredible example of this date and type we have ever encountered. While not being fully struck, it is as strong a strike as we have ever seen for this coin. Under strong magnification, the coin shows no defects whatsoever. One die break bisects the obverse, but it only adds another dimension to this already remarkable coin. This coin surfaced at this year's A.N.A. Convention and came from Europe in recent months. It has no doubt been there for most of its existence. As mentioned, the coin is well struck and richly toned in primarily golds and browns. A once in a lifetime opportunity for the connoisseur of fine coins	9,750.00

QUARTER EAGLES

1799 Ch AU (55+) While hair line bars are visible, the coin is virtually flawless. A significant value, though no specimen has been found to date because of the date and color. Incredibly well struck and so well so that the date and type are surely surpassed by only a few pieces that may exist in Mint State. The obverse is completely free of scratches, scratches or adjustment marks. The reverse shows traces of adjustment marks that were on the planchet, but the coin was so heavily struck as to render them virtually unnoticable. The shield lines are bold and completely separated. The eagle's breast and wingtips are full. Both obverse and reverse surfaces are prooflike. Dave Aker's research testifies to the rarity of this piece, as it shows no specimen cataloged as Uncirculated has appeared at auction since 1963. We are proud to offer this exciting coin. 8,500.00

J-1524 Ch Proof (60+) 1877 Half by Barber. Silver, R-8. A stunning piece. Equal to the specimen sold in our Great Southwest Sale for \$12,500. A piece of similar rarity and quality (J-1539A) recently sold for \$16,500. A fascinating Pattern and an exciting opportunity. As Judd states, " . . . the rare Pattern Half Dollars (of 1877) . . . form one of the most beautiful and interesting series of all" . . . 13,500.00	
Pattern Dollars	
J-1148 Ch Proof (60+) 1871 \$1 in copper. Longacre design. 1,750.00	
J-1207 Ch Proof (60+) 1872 \$1 in aluminum. The Amazonian design. R-8. The finest known, and possibly unique. A rarity of the highest magnitude. 14,500.00	
J-1749 Gem Proof (65+) 1885 \$1. Aluminum, L.E., R-8. Snowden's experimental piece. An absolutely incredible coin in terms of strike, rarity, and overall beauty. With reported sales of over \$7,000 on the R-5 Snowden Silver piece, we feel that this coin, which is probably 20 to 30 times rarer, has tremendous potential. 6,500.00	
Pattern Quarter Eagle	
J-1166 Ch Proof (60+) 1871 \$2-½ in nickel. R-8. Well struck for a Pattern in nickel. 1,350.00	
Pattern Four-Dollar Gold	
J-1636 Gem Proof (65) 1879 \$4. The famous "Stella" struck in copper. Flowing Hair. Exactly the same design as the gold issue. When one considers the purchase of this piece, he must remember that all Stellas are Patterns, and that this copper Pattern is about thirty time rarer than its gold counterpart. This coin has beautiful surfaces and a full wire rim. Not gilt, as many of the few known specimens have been. 7,500.00	
J-1639 Gem Proof (65) 1880 \$4. Flowing Hair Stella in copper. Similar in rarity, quality, and appearance to J-1636. Also rarer than the gold coin from the same dies. The price of this rarity is a numismatic anomaly, since a pair of 1880 Flowing Hairs have been offered at \$49,500 each in recent months. An important and historic item. 9,250.00	
Pattern Half Eagles	
J-1032 Gem Proof (65) 1870 \$5. Struck in copper. Regular dies trial. R.E., R-7. Richly toned. 1,100.00	
J-1172 Ch Proof (60+) 1871 \$5 in nickel. R-8. Beautiful surfaces. Typical strike. 1,500.00	
J-1372 Gem Proof (65) 1874 \$5. Struck in aluminum. Regular dies trial. R.E., R-7. 1,350.00	
J-1484 Gem Proof (65) 1876 \$5. Struck in copper. Regular dies trial. R.E., R-7. Richly toned. 1,500.00	
Pattern Eagle	
J-1175 Ch Proof (60+) 1871 \$10 in nickel. Similar in appearance to the Half Eagle (J-1172). Possibly unique (no rarity rating in Judd) 2,250.00	
Pattern Double Eagle	
J-1178 Gem Proof (65+) 1871 \$20 in nickel. Listed as R-8, but it is perhaps unique. This is the most incredible nickel Pattern we have ever seen. Because of its extreme hardness, nickel coins or Patterns were rarely fully struck-up by the mint. And, the larger the dies, the more difficult it became to impart proper detail to the planchets. This is shown by the progressively weaker strikes of most gold die trials in nickel as their denomination increases. However, special attention was obviously paid by the mintmaster to this piece, as it is equal to the strike of any gold Proof Double Eagle! In our opinion, this is the most beautiful nickel piece (Pattern or regular issue) ever produced by the U. S. Mint. 4,750.00	

Commemorative Halves

Choice Brilliant Uncirculated (60+)

A Commemorative issue which has seen no circulation and has full luster. The coin will be completely as struck. The coin may have bagmarks which were acquired through normal handling through the years. Commemoratives in this grade are of better than average quality uncirculated specimens.

Gem Brilliant Uncirculated (65)

This is an uncirculated coin which has a strong strike for the issue and a minimum number of bagmarks. These coins will have full brilliance, but may be naturally toned.

Commemoratives are seldom found any better than this. In short, coins which meet this grade are the finest quality available on the market.

HALF DIMES

1797 Gem BU (65) The most incredible example of this date and type we have ever encountered. While not being fully struck, it is as strong a strike as we have ever seen for this coin. Under strong magnification, the coin shows no defects whatsoever. One die break bisects the obverse, but it only adds another dimension to this already remarkable coin. This coin surfaced at this year's A.N.A. Convention and came from Europe in recent months. It has no doubt been there for most of its existence. As mentioned, the coin is well struck and richly toned in primarily golds and browns. A once in a lifetime opportunity for the connoisseur of fine coins. 9,750.00
1860 VG (10) Stars obverse. Transitional. Out of 100 pieces minted, this is most certainly the worst known. In fact, before we encountered this coin, the lowest grade we had seen was AU (55). This coin has a few scratches on the obverse, while the reverse is problem-free. With Proofs selling in excess of \$3,000, this coin should sell quickly 750.00

J-1690 Gem Proof (65) 1882 5c. Nickel, P.E., R-6. The popular 1882 Liberty Nickel. A rarity in the same class as the 1913 Liberty Nickel at 1/50th the price.

Pattern Dime
J-834 Gem Proof (65) 1870 10c. Copper, P.E., R-6. A very popular design.

Pattern Quarter
J-1699 Gem Proof (65) 1882 25c. Copper, R.E., R-7. The famous Earring design.

Pattern Half Dollar
J-1524 Ch Proof (60+) 1877 50c by Barber. Silver, R-8. A stunning piece. Equal to the specimen sold in our Great Southwest Sale for \$12,500. A piece of similar rarity and quality (J-1539A) recently sold for \$16,500. A fascinating Pattern and an exciting opportunity. As Judd states, "the rare Pattern Half Dollars (of 1877) form one of the most beautiful and interesting series of all"

Pattern Dollars
J-1007 Gem Proof (65) 1870 \$1. Aluminum, P.E., R-6. Lightly toned. A very beautiful example
J-1018 Gem Proof (65) 1870 \$1. Aluminum, R.E., R-7. The beautiful Longacre design.

PATTERNS

Pattern Dollars
J-1148 Ch Proof (60+) 1871 \$1 in copper. Longacre design
J-1207 Ch Proof (60+) 1872 \$1 in aluminum. The Amazonian design. R-8. The finest known, and possibly unique. A rarity of the highest magnitude
J-1604 Gem Proof (65+) 1879 \$1. Copper, R.E., R-6. Superb! The famous Washlady design. A gorgeous coin with beautiful toning. While other Patterns sometimes have a tendency to go up and down in value, this coin keeps going up
J-1747 Gem Proof (65) 1885 \$1. Silver, L.E., R-5. The popular Snowden Dollar. A perfect coin for someone who wishes to expand their Morgan Dollar collection.
J-1748 Gem Proof (65) 1885 \$1. Copper, R-6. Lovely toning. Very attractive.
J-1749 Gem Proof (65+) 1885 \$1 in aluminum. Superb! The final member of this fantastic trio of Lettered Edge Snowden Dollars. We have certainly enjoyed bringing these three lovely pieces together and, while they are offered individually, we hope someone will do American numismatics (as well as themselves) a great service by purchasing all three. This aluminum piece, the rarest of all Snowden Dollars, is priced individually at

Pattern One-Dollar Gold
J-1733 Gem Proof (65) 1884 \$1. Struck in copper. Regular dies trial. R.E., R-8. Extremely rare

Pattern Quarter Eagle
J-1166 Ch Proof (60+) 1871 \$2-1/2 in nickel. R-8. Well struck for a Pattern in nickel.

PATTERNS

Pattern Four-Dollar Gold
J-1636 Gem Proof (65) 1879 \$4. The famous "Stella" struck in copper. Flowing Hair. Exactly the same design as the gold issue. When one considers the purchase of this piece, he must remember that all Stellas are Patterns, and that this copper Pattern is about thirty times rarer than its gold counterpart. This coin has beautiful surfaces and a full wire rim. Not gilt, as many of the few known specimens have been.

J-1639 Gem Proof (65) 1880 \$4. Flowing Hair Stella in copper. Similar in rarity, quality, and appearance to J-1636. Also rarer than the gold coin from the same dies. The price of this rarity is a numismatic anomaly, since a pair of 1880 Flowing Hairs have been offered at \$49,500 each in recent months. An important and historic item.
